I, _____, am being admitted to NCTC on a temporary approval basis, since I have not yet earned my high school diploma or GED. I am aware that I will not qualify for financial aid without a high school diploma or GED, however **I do have the option to take and pass the Ability to Benefit Exam at no charge through any NCTC Counseling and Testing Office in order to qualify for financial aid.** Students admitted through this temporary approval process must provide proof of an earned high school diploma or GED within a year of signing this waiver.

I am also aware that certain academic or technical programs at NCTC require a high school diploma or GED, and it is my responsibility to learn the requirements for any program in which I plan to enroll in the future.
